WHO SHOULD ATTEND?

CEO's, Managing Directors, Directors, General Managers, Environmental practitioners, Scholars, SHEQ managers, Government officials and Contractors in every sector that interacts with the natural environment.

SPEAKERS

A total of 22 highly renowned and acknowledged speakers will be presenting over the 3 days, including 5 keynote speakers from well known Governmental, Industry and Media related organizations and initiatives.

The group of speakers will further consist of specialists and experienced individuals certain to provide you, the delegate, with a meaningful learning and information sharing experience. Be sure not to miss the first evening with TV personality and presenter Dave Pepler (Groen, Kyknet).

TOPICS AND CASE STUDIES

Conservation related; Ecotourism and environmental protection, Bio-fuels, the pros and cons, The sustainability of transboundary conservation, Invader Species in South Africa, the true story, Sustainable hunting and veld management, South African Water bodies, the at risk scenario, Social stressors on conservation, Ethical advise and consulting services.

Industry related; Waste and hazardous materials management; Environmental prosecution and liabilities, Global warming and industry footprints, Greening the Soccer World Cup, Sustainable reporting, the environmental contributor, Environmental accounting, Legal updates.

Environmental Assurance (Pty) Ltd and our official media partner, the **Mail and Guardian**, is proud to bring you this first and exclusive three day Environmental conference. The tranquil Mabula lodge in the Limpopo province (approximately 120 km from OT Airport) will set the stage from which various aspects of Environmental management and conservation related issues will be discussed, presented and work-shopped. The conference will further aim to provide you, the delegate, with not only an opportunity to network and to share experiences, but to also learn from leading individuals in the local and international environmental arena. The program for the event will provide an excellent bush experience with much of the relaxation and formalities planned to coincide with the wonderful setting that this venue has to offer.
