

Environmental Management Training Courses

2011

"Quality and value today for a sustainable tomorrow"

"The care of human life and happiness and not their destruction is the first and only legitimate object of every good Government" ~ Thomas Jefferson

In today's South Africa, appropriate and prudent integrated environmental management is essential to achieve sustainable development and to facilitate the realisation of the MDG's, especially poverty alleviation. The conscientious manager, civil servant, and consultant understands that maintaining and improving his or her knowledge of the concepts and principles underpinning sustainability, tools for integrated environmental management, and recent developments in environmental law, specifically regarding environmental authorisations (e.g. EIA's, Water Use Licenses, Waste Licenses, etc) are critical to make a difference to the future of our country and our people.

Carin Bosman will once again be presenting a series of Training Workshops aimed at addressing some of these key aspects during 2011. The Themes, Dates and Costs for these Training Workshops are as follows:

Course Name	Duration	Dates	Cost
1. Principles of Sustainable Integrated Environmental Management in South African Environmental Law	1 day	5 September 2011	R 1,535.00
2. Principles and Concepts of Environmental Risk Assessment and Management	1 day	9 September 2011 29 September 2011	R 1,535.00
3. South African Environmental Authorisations: EIA, Water Use Licensing, Waste Management Facility Permits, etc	2 days	4 – 5 August 2011	R 3,070.00
4. Practical Understanding of South African Waste Legislation, Integrated Waste Management Planning and Waste Classification	3 days	1 – 3 August 2011	R 4,605.00
5. The South African National Water Act and Regulations – A Practical Understanding	1 day	26 September 2011	R 1,535.00
6. IWRM, Water Use Authorisations, and Water Use License Applications – Procedures, Guidelines, IWWMP's, and Pitfalls	2 days	27 – 28 September 2011	R 3,070.00
