

## COURSE

# REHABILITATION OF MINE IMPACTED AGRICULTURAL LAND

AFRICA LAND-USE TRAINING is presenting a 3-day course on the  
*Rehabilitation of Mine Impacted Agricultural Land . . .*

### DETAILS

**Date:** 3 – 5 November 2010

**Venue:** Centre for Wildlife Management, University of Pretoria

**Cost:** R 3 800 / person

### COURSE OUTLINE

The course aims to teach the learner the basic principles and practices important during the rehabilitation of agricultural land affected by open cast mining. Although an overview of aspects such as legislation and legal frameworks will be given the main focus of the course is on actual reclamation strategies and solutions. The last day involves a field excursion to rehabilitation sites at a coal mine.
